

About us-

Mr. S. Ramesh, Chairman & Managing Director, a Civil Engineer from Annamalai University, Chidambaram. He started SR Builders in 1990 as proprietary firm, the company was later incorporated as Limited liability partnership firm in 2016. In early twenties, Mr. Ramesh spearheaded the construction of multi-storied commercial spaces all around Chennai. His relentless devotion to customer satisfaction and a continuous quest for world-class quality with excellent track record in construction of mega- commercial spaces has laid the foundation of the company. From humble origins with Strategic leadership the SR Group emerged as one of the fastest growing and most respected companies in construction sector.

Head quartered in Chennai, with a rich and diverse experience spanning 3 decades of building land mark and state of the art structures in all around south-India. SR takes pride in being a part of building the nation & creating spaces that creates large social value.

As an organization with 70+ professionals as core and true asset we have carved the success story by taking challenging assignments as well as making concrete relationships with clients by timely delivery of the promise. We have earned our customer's confidence and trust with over 200 successfully completed projects

Construction Site Security

The industry involves a significant work force, many of whom can be rendered vulnerable by inefficient security measures on construction sites. We take the ownership of maintaining high level security at our site and all our sites are equipped with CCTV Surveillance and illuminated at night

To ensure-

No Criminal Activity due to Unauthorized entry

No loss and Liability

No Safety Risk

Safety

SR endeavors to achieve “ZERO reportable injuries” at teach site

At SR, paramount importance is given to safety at every juncture, every step of the way. The company advocates efforts to achieve 'ZERO reportable injuries' at each work front. The company has undertaken several initiative saver the years to improve safety performance, including mandatory induction and training programmes, Medical Camps, tool box talks, demonstration of usages of personal protective equipment etc.
